### **Helpful Tips for your Big Day**

\*Bring your veil and/or any hair pieces you will be wearing to BOTH your trial appointment and the day of your wedding.

\*Wear a button down shirt or something easy to get out of, without ruining your beautifully done hair or makeup.

\*Please arrive 10 minutes prior to scheduled times and please be respectful of any other clients in salon. If you arrive late to your appointments unfortunately your service time may be shortened as we are usually fully booked on the weekends with little wiggle room. We will try and accommodate as much as possible.

\*Outside hair or makeup artists are not permitted

\*Please make sure you and your attendants have DRY hair for the day of your services. This will help your appointments run smoother.

\*Feel free to bring any snacks or refreshments along the day of your wedding. We will provide coffee and tea for you.

\*If you would like to add bagels, muffins, fruit and juice for your party catered by Planet Perk let us know! The cost on average is \$40 to serve 5 or more people.

**\*Here are a few suggestions of enhancements you may add prior to your wedding:**

(Inquire with front desk about pricing)

**~Spa Facial and Back Facials**

Renew and rejuvenate the skin on your face, but don't forget your back will be exposed too!

Either of the facials will make your day extra special.

**~All over body and facial waxing**

(We also do Brazilians and Bikini wax)

Body waxing makes you feel fresh and complete on your wedding day

We suggest any facial waxing get done a few days prior to wedding.

To prevent any redness the day of your wedding.

**~Hair extensions**

Hair extensions not only can give you a longer hair look, but can also give you a fuller more voluminous look.

You can also use extensions to give yourself highlights or pops of fantasy colors without the commitment of coloring.

\*Requires a consultation 30 days prior to wedding

**~Lash Extensions**

Keep that beautiful wide awake look with an enhanced length and volume from lash extensions. Have beautiful

lashes from your rehearsal dinner, through your wedding and even look wide awake for opening presents or brunch the next day! Lashes on average last 2 to 3 weeks. Most clients will then come in for lash-fills after if

they want to keep the look. \*Requires a consultation 30 days prior to wedding

**~Hair Coloring**

Need to just touch up your roots? Cover any grays? Looking for a few pops of highlights or lowlights? Or are you looking for a natural look with a beautiful balayage? We have all areas of color covered for you!

\*We suggest a consultation 30 days prior to wedding to discuss your desires and go over expectations. We will then get an appointment booked with plenty of time before the wedding date

**~Hair cut or Treatments**

We have experienced stylists who would love to get your hair shaped up before your wedding. Book an appointment a month to a few days before your wedding.

**~Nails**

We can do regular or shellac spa manicures and spa pedicures
